DEMOCRAT VOTES WITH REPUBLICANS

And Democratic Rules Are De- feated In State Senate— The Legislature

(By Associated Press)
Frankfort, Ky., Jan. 14—Sen. Brock's rules were adopted by the Senate this morning 20 to 19, Lieut. Gov. Ballard casting the deciding vote, all democrats except Senator C. W. Burton, of Grant county, voting against them. Senator Nunn, of Crittenden county, today served notice he would not vote to confirm Gov. Morrow's appointments because the republicans used what he termed underhand methods to gain control of the Senate.

Frankfort, Ky., Jan. 14—Democratic control of the Senate, as far as its organization is affected, was endangered Tuesday when Senator C. W. Burton, of Williamson county, declined to vote with the democrats for the rules submitted by the Senate Rules Committee.

The rules provided that a majority of 20 votes could not adopt them. A two-thirds vote, or 26 votes, is necessary to suspend them, however, unless the amendment or suspension of the rules is requested in writing and referred to the Rules Committee for two days' consideration.

The democratic members, with the exception of Senator Burton, voted for the rules submitted by the committee, comprising only nine democrats. The republicans and Senator Burton voted against the rules. The result was a tie which was broken by Lieut. Gov. S. T. Ballard.

The test vote was made when Senator H. M. Brock, republican leader, offered as a substitute for the committee's rules the rules of the 1918 session with but a few slight changes. They contain the "majority rule" clause. He said that he had voted for the 1918 rules at the last session and they "were worked to perfection" and with the utmost fairness by the democratic majority. He declared he would be ashamed to return home and tell his constituents that he was wrong in 1918 when he knew he was right.

In the midst of the debate Gov. Edwin P. Morrow sent to the Senate for confirmation the names of members chosen for the State Racing Commission and the Workmen's Compensation Board. The Workmen's Compensation Board members are R. C. Thomas of Bowling Green, reappointed; A. S. Bennett, of Hartford, vice H. J. Allington, of Newport, and Clyde R. Levi, of Ashland, vice Nat. B. Sewell, of London.

Republicans "slipped a cog" in not getting these names before the Senate for confirmation, but they feared that a confirmation of these names might be criticized if made before the Senate had adopted its rules.

They say that the chief purpose of the Senate rules as proposed by the committee, is to retain in office the recess appointees of former Governors A. O. Stanley and James D. Black.

When the House met the resolution of Representative J. T. Murphy, Covington, democrat, providing for a refund to liquor dealers for the unused portion of state license fees, was called up for consideration.

Representative T. R. Welch asserted that the refund could not be made under the constitution, and proposed that the resolution be sent to the Committee on Alcoholic Liquors, which was done.

Representative Murphy sent to the clerk's desk his "handbook" bill designed to prohibit betting or wagering on horse races other than at licensed race tracks. Any person making such a wager, either for himself or as agent or employee of another, shall upon conviction, be confined in the county jail not less than one nor more than 12 months, under the bill.

The bill of the American Legion designed to prohibit the publication of newspapers, periodicals and magazines in any language except English, was offered by Representative Vanhoose.

MARTIAL LAW FOLLOWS OUTBREAK IN BERLIN

(By Associated Press)
Berlin, Tuesday, Jan. 13—The government tonight proclaimed martial law in all sections of Germany, following a mob demonstration this afternoon in which at least 10 persons were killed and many wounded by machine gun fire from guards in front of the Reichstag building. The mob was organized by extremists in protest against the industrial council's bill now before Reichstag.

Tonight Noske's troops placed rifles with barbed wire cordon throughout the downtown streets. The patrol in the Reichstag square was reinforced, the Wilhelmstrasse barred to all traffic and the government building is virtually inaccessible except to those employed there.

MRS. SHEARER LOSES MOTHER IN OKLAHOMA

Mrs. James Shearer, of Ford, has the sympathy of friends in the loss of her mother, Mrs. Phoebe Davis, widow of Joseph Davis. Mrs. Davis was 86 years of age and passed away while on a visit to her daughter in Oklahoma City. She was a native of Virginia but for several years had made her home in Kansas. Surviving her are five daughters and two sons. Her body was sent to Nevada City, Mo., and interred by the side of her husband, who preceded her to the grave many years.

SPENCER COUNTY BANK ROBBED

(By Associated Press)
Taylorsville, Ky., Jan. 14—Yeggmen last night forced the vault of the Peoples Bank here, looted the safety deposit boxes, and escaped undetected. They secured \$2,000 in war savings, postage and revenue stamps, belonging to Acting Postmistress Clara Black and cash and other valuables from other boxes. It is estimated the total secured is \$6,000. The bank's safe was unviolated.

AGREEMENT SIGNED WITH R. R. WORKERS

(By Associated Press)
Washington, Jan. 14—The railroad administration has signed a national agreement with the brotherhood of railway and steamship clerks, retroactive to January 1st, to continue in force during the period of the federal control of railroads. It provides for time and a half for overtime after eight hours, but excepts certain workers whose employment is intermittent and insures on day's rest except where operation of individual railroads may be affected. The order has 400,000 members.

Repubs. Picking Date

(By Associated Press)
Louisville, Jan. 14—The Republican State Central Committee met here today to select a time and place for the Republican State Convention to select delegates to the National Convention in Chicago. Party leaders are credited with saying they favored Louisville the latter part of April.

of Censors and Examiners, composed of five members to be appointed by the Governor, to examine all motion picture films exhibited in the state, is provided for in a measure which Representative T. C. Pryse, of Beattyville, introduced.

The payment of \$100 to each person in the military service during the World War who was a citizen of Kentucky, unless he was a deserter or dishonorably provided for in a bill of Representative Murphy.

The office of State Inspector of Plumbing is established in one measure by Representative Harry Myers, and another proposes that each county shall contribute \$200 annually toward the relief of needy blind.

FREIGHT WRECK NEAR RED HOUSE

The tender of a freight engine jumped the track below Red House Tuesday evening, and was followed by four or five big cars. The track was torn up for quite a distance and traffic delayed for several hours. Passengers on the "K. C." due here at 7:30 were brought to town in autos by friends, while the fast trains were delayed several hours, and mails were made late.

NEW REAL ESTATE FIRM OPENS OFFICE

With 1920 giving prospect of proving the greatest yet known for farm sales at good prices, much interest will attach to the announcement today of a new real estate firm for Richmond and Madison county. The new firm will be known as the Freeman Realty Company, with Mr. "Billy" Freeman, of this county as the "man behind the gun", and his grandson, L. W. Dunbar and stepson, F. P. Caldwell associated with him. Offices have been opened and the new firm makes its first announcement to the public today through the advertising columns of the Daily Register.

Mr. Freeman is too well known over Madison county to need a word of introduction, for he has been a prosperous farmer near Red River for many years. He has rented out his place and moved to town, and will be "on the job" right along.

The two younger members of the firm are both "live wires." They have been located in business in Montana for several years. Both saw active war service, and have come back to old Madison to take hold of this business which they will push with energy and enthusiasm.

COL. RIPPY BUSY FOR CONGRESS ALREADY

Congressional candidates started to work at Stanford Monday, which was court day for Lincoln county. The Interior Journal says that Col. Frank L. Rippy, of Lawrenceburg, was feeling the pulse of the court day crowd on his alleged congressional aspirations, and seems to have met with satisfactory success. The colonel saw overseas duty, leaving his office of county attorney to help free the world. The I. J. further says that it begins to look like the woods will be full of candidates, a new one being spoken of nearly every day. It was reported that Judge W. R. Shackelford, of Richmond, would shy his castor in the ring, but it was authoritatively stated yesterday that he would not be a candidate and that his friends were grooming him for governor four years hence.

The Louisville Times said this week: It can be stated upon the best of authority that Judge Charles A. Hardin, of Harrodsburg, who was defeated in the special congressional race in the Eighth District, last August by King Swope, Republican, has no idea of stepping aside, but that he will become a candidate at the proper time for the Democratic nomination for Congress. There is nomination for Congress. There are already several prospective aspirants for the nomination, the impression having been created that Judge Hardin had gotten the congressional germ out of his system, and his determination to run will necessitate a readjustment of some political wires and a charge in the line-up.—Louisville Times. The same paper is authority for the statement that Hon. C. D. Minor, of Boyle, who had thought of making the race, has fully decided not to do so.

Police Have Clew To Murderers of Girl

(By Associated Press)
Louisville, Jan. 14—Police today are seeking two men, one dressed in soldier's uniform, in connection with murder of Rebecca Lovell, whose nearly decapitated body was found yesterday at the entrance to the Shawnee Park refectory. Earl Stillwell, a telegraph operator, informed the police he saw two men with a girl, answering Miss Lovell's description Saturday night.

A big Central Kentucky business deal took place when the Cogar Grain & Coal Company, owned by Bonta Brothers and T. H. Coleman, at Harrodsburg, was sold to Banks Hudson and John Davis, of Danville, for \$30,000.

WONDERFULLY GIFTED VIOLINIST COMING

Regarding the young violinist genius, Isolde Menges, who appears here on Jan. 17th, the critics on the Pacific coast have all gone into ecstasies. The Vancouver Sun of January 18, 1918, says rhapsodically about Miss Menges' performance: "Such musicianship has no country. So might Miriam of the Hebrews have played before the entranced Egyptian; or the Greek thais before Alexander; or the Italian Vittoria Colonna before Lorenzo the magnificent; or the boy angel with the short dark locks of hair have gathered round the cradle of Bethlehem in the mind of Botticelli. Her whole soul goes into her body, into her every movement, the serpent coiling and shooting of the wonderful arms, the expressive torso, the changing and shadowed countenance, enigmatic as that of Leonardo da Vinci's Monna Lisa."

Miss Menges is most fittingly partnered by a very valuable Stradivarius instrument of beautiful appearance and sweet and noble tone; and in her highly gifted hands it sings most persuasively and unerringly; she can also make it almost shout with joy.

Miss Menges has many strong points in her equipment. Allied to a very pleasing personality and to her super-excellent technique, she possesses a certain measure of physique (a factor not negligible in the assets of the ideal violinist). To this young lady, concert playing is evidently a pure joy. Her style is very quiet and unaffected, and is perfectly graceful. As is now so often the case with artists of the highest rank, her exquisite artistry is subtly masked by a simplicity of manner. Her success in Seattle was instantaneous.

Half the proceeds go to Associated Charities.

Moving Their Booze

(By Associated Press)
New York, Jan. 14—Owners of whiskey stocks are busy moving them from clubs to residences here today, following the ruling of the internal revenue bureau that all stored liquors must be in the home of the owners before January 17th. Word from Chicago said owners there are "out of luck" as a state law prohibits the use of highways for moving liquors.

HEARD ABOUT TOWN

A movement has been started among business men of Somerset to establish a \$100,000 sanitarium for the treatment of cancer there.

When a rooster, owned by Mrs. E. E. Jones, was called at feeding time, it was found he was hovering a flock of English sparrows which had taken shelter from the cold.

Dying from burns, Mrs. Ed. Shufflet, of Columbia, Adair county, who had poured kerosene over her clothing and applied a match, said the reason for her act was that she had sought religion but had failed to find it.

Carlisle—All grades continued strong on the Carlisle tobacco market with but very few rejections. Sales were 334,000 lbs at prices ranging up to \$1.04 per lbs. The best crop average reported was 1,775 lbs at \$79.80.

Sheriff H. Clay Hodgkin of Clark county, and Commonwealth's Attorney Ben Crutcher left last week for Iowa Park Texas, to inspect the holdings of the Local Oil and Gas company, of which they are directors.

BURNAM FARM SOLD AT \$250 ACRE

The farm of late Judge A. R. Burnam was sold Wednesday morning by the executors of the estate to a syndicate of local men. The tract contains about 535 acres, lies between Fort Estill and Duncannon and is a splendid piece of land in every way. The price paid is understood to have been \$250 an acre. The buyers are Messrs. Calvin Galloway, Eb Fish, Lem Rowlett and the Mason brothers, sons of Mr. John Mason. Possession is not secured by the new owners until next year as J. Morgan Evans has the place rented for 1920.

GOV. YAGER IS ILL IN PORTO RICO

Many close friends here where he often visits, are grieved to learn that Gov. Arthur Yager, of Porto Rico, is critically ill, following a severe intestinal hemorrhage, which his physicians announce was the result of a complication of diseases from which he has been suffering for several months. Gov. Yager was formerly president of Georgetown College. His daughter, Miss Diana Yager, is now visiting at Georgetown. His son, George Yager is a student at Georgetown College. Mrs. Yager visited relatives and friends in Richmond only a few weeks ago.

SOCIAL AND PERSONAL

Prewitt—Holley
Mr. Vernon R. Holley, of this county, and Miss Lottie Prewitt, of Madison county, were quietly married in Richmond, last Saturday in the presence of a few close friends. The bride is of one of the best and most prominent families in Madison county. She is the daughter of Mr. and Mrs. J. W. Prewitt and is one of the loveliest and most beautiful girls ever reared in Eastern Kentucky. Her charming personality has won her a multitude of friends and she is exceedingly popular with every one that knows her. The groom is a son of Mr. and Mrs. W. H. Holley, and is a fine young man. He was with the A. E. F. in France for over a year, and saw considerable fighting in the latter part of the war. His pleasing disposition has won for him a host of warm friends who will learn with interest of his wedding. The happy couple will soon leave for Akron, O., where they will make their future home.

The Ladies Aid Society of the Calvary Baptist church were entertained at the home of Mrs. Brumfield Wednesday. After a business meeting and literary programme a delightful social hour was enjoyed.

DR. MORRISON TALKS TO SCHOOL CHILDREN

At City Schools Tuesday Morning—"Love" Topic Of The Afternoon Sermon

There were three services held yesterday in the Methodist revival. In the morning the pastor Dr. Chandler, took Dr. Morrison and Mr. Bierer, the soloist and song leader, to the city school at the invitation of Supt. Payne.

After the scripture lesson and prayer, Mr. Bierer entertained the school with one of his beautiful solos. Dr. Morrison stirred the children to enthusiasm with a very practical talk in which he reminded them that they should make the best possible use of their time and opportunities.

The afternoon audience was large and appeared to be deeply interested, in a sermon on the 13th chapter of 1 Cor.—"Love."

The preacher drew the distinction very closely between natural human love, and the love of God shed abroad in the heart by the gift of the Holy Spirit, and urged upon the people the necessity of securing by faith in Christ, this one supreme essential in religion, perfect love of God, and unselfish love for fellow beings.

The church was filled at the evening service, a number of the pastors of the city being present and participating in the opening and closing exercises.

Dr. Chandler and Evangelist Morrison are greatly pleased with the fraternal spirit manifested by the pastors and members of the various churches. Mr. Bierer, the song leader, is getting his choir in hand, people of other congregations are assisting. Mr. Bierer plans to work in the young people and later on to build up a choir of children's voices.

Dr. Morrison preached on "David's Last Charge to Solomon." The text is found in 2 Cor. 23:9. The central thought in the sermon was on knowing God. This thought was forcefully illustrated and driven home with touching incidents and personal experiences. At the close of the sermon, many persons stood as an indication of a desire for a better Christian life.

Arrangements are being made for a great mass meeting for men only at the Methodist church next Sunday afternoon. Meetings each day at 2:30 in afternoon, and 7:30 in evening. All people are most cordially invited to come to the revival.

Schott Case Ended

(By Associated Press)
Louisville, Jan. 14—Commonwealth's Attorney Huffaker in a statement today said he saw no reason for resubmitting to the February grand jury the evidence in the case of Dr. Schott, whom a jury yesterday refused to indict on a charge of murder in connection with the death of his office girl, Elizabeth Griffith.

Many Daily Register subscribers often complain over delivery of their papers by mail, but a dispatch from Lexington tells of a case that beats all records. It said: Lexington, Ky., Jan. 12—A letter addressed to "Mrs. John Mason Brown, in care of Mrs. Thornton", was delivered by a postman this morning to George R. Hunt, prominent attorney of this city, who now occupies the old Thornton mansion. The letter was mailed at Milford, Mass., September 11, 1893.

Local postoffice employees are unable to account for the 27 years' delay in delivery. Mrs. John Mason Brown, to whom the letter was addressed, is dead, and Mrs. Hunt will forward it to her daughter, Miss Margaret Brown, who now lives in New York.

A real "working man" has been discovered up at London, Laurel county. S. W. Asher was elected chief of police at \$80 per month, it being stipulated that he also shall assess the town, collect all taxes, supervise the repair of streets, enforce the curfew law and be subject to call by telephone twenty-four hours a day. Otherwise he has very little to do.

MILL

We would respectfully call attention of Manager John Skain of the Phoenix Hotel to the large coterie of close friends he and his popular hostelry have in this section. A dispatch from Lexington says: The Phoenix Hotel will give away to friends a car of beer which was on hand when its bar was closed July 1.

Bethurum Boosted For Senator

Mt. Vernon, Ky., Jan. 14—There is talk here and in other parts of the Eleventh District, that Judge B. J. Bethurum, of Somerset, will throw a "monkey wrench" into the Republican well-laid plans to hand the Senatorial nomination to R. P. Ernst, of Covington and Cincinnati, without opposition. At a meeting said to have been held in Louisville sometime ago it was agreed by the "powers that be" that Mr. Ernst should have no opposition. Friends of Judge Bethurum, who believe that he is the logical candidate, do not look at the matter the same way. They feel that the record that the judge made two years ago when he was defeated by a small vote for the nomination, should entitle him to the honor—if there be any.

TUESDAY SALES ON OTHER BREAKS

At Covington—Offerings totaled 47,585 lbs of which only 2,090 lbs were rejected, leaving an actual sale of 45,495 lbs. The cash value of the tobacco sold was \$13,731.31, representing a general average of \$30.18 per 100 lbs. The feature of the sale was the strength displayed by the bright red tobaccos.

Maysville—A tremendous rush of loose leaf tobacco to the nine sales houses here. The receipts have been so heavy since Saturday that at today's auction only one house, The Planters, has completed sale. This house sold 125,000 pounds at from \$1 to \$100 per hundred pounds, at average \$31.

Mt. Sterling—The tobacco market was stronger and more active today and Farmers' House completed the sale of 188,740 lbs for straight average of \$38.66, with high basket 99c. All grades are in demand and market is regarded the most active since Christmas.

Flemingsburg—One hundred and twenty thousands pounds of tobacco was sold at two warehouses here at

prices ranging from 6c to \$1.01 per lb. Average at the Growers was \$29.29, with a very medium grade.

Aurora, Ind.—The Aurora Loose Leaf Tobacco Warehouse Company sold 76,260 lbs of tobacco at an average of \$40.50 per 100 lbs.

Carrollton—The Carrollton tobacco market opened easier on all grades, but regained its tenor and continued a strong market the remainder of the day. The fourth street reports 109,545 lbs which averaged \$33.64.

Paris—At the Independent house the offering comprised 178,315 lbs, which sold for \$55,619.49, a floor average of \$33.62.

TERRIFYING DISCOMFORTS FROM SKIN DISEASE

Itching and Burning Eruptions Torture Victims.

If your skin seems ablaze with the fiery burning and itching of Eczema, real and lasting relief can only come from treatment that goes below the surface—that reaches down to the very source of the trouble. Skin-diseases come from a disordered condition of the blood, and search far and near.

you cannot find a blood remedy that approaches S. S. S. for real efficiency. S. S. S. has been on the market for fifty years, during which time it has been giving uniform satisfaction for all manner of blood disorders. If you want prompt and lasting relief, you can rely upon S. S. S. For expert advice as to the treatment of your own individual case, write to-day to Chief Medical Adviser, Swift Specific Co., Dept. 44, Atlanta, Ga.

Performance and Price

There is only one way to buy a motor truck—on its ability to transport and the cost of that transportation.

A First Cost that is too high means an inflated cost per ton mile—a First Cost that is too low stamps a truck as one built to meet a price—a truck that will spend days in the repair shop—a truck that will fail on its test of ability.

But there is a middle ground—a point where price and performance balance—a place where value is greatest. Bethlehem Motor Trucks are examples of that middle ground—they are neither underbuilt to meet a price nor overbuilt to justify a price. Buy your Motor Truck on Facts.

NERVOUS PROSTRATION

Mrs. J. Christman Proved
That Lydia E. Pinkham's
Vegetable Compound is a
Remedy for this Trouble.

Binghamton, N. Y.—"I was in a very nervous condition for over a year, my mind was gloomy, could see no light on anything, could not work and could not have anyone to see me. Doctor's medicine did not help me and Lydia E. Pinkham's Vegetable Compound was recommended. I took it and am now well. I recommend it to all afflicted with nervous prostration."—Mrs. J. Christman, 193 Oak Street, Binghamton, New York.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from nervous prostration, displacements, inflammation, ulceration, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion and dizziness. Lydia E. Pinkham's Vegetable Compound is the standard remedy for female ills.

If there are any complications about which you need advice write in confidence to Lydia E. Pinkham Medicine Co., Lynn, Mass.

SOCIAL AND PERSONAL

Apollo Club

The Apollo Club met with Misses Amy and Margaret Turley for the January program and a literary musical made a delightful afternoon's entertainment. The piano numbers were contributed by Misses Alice Clark Kellogg and Lana Martina Coates. An interesting paper was read by Miss Diana Lackey, on "Music Study and School Work" and Miss Nannie Evans, read "The White Lady." The current events closed the program and were given by Miss Laura Isabel Bennett. Of the seven clubs in Richmond, none has been more persevering than the Apollo, nor attained greater success.

Taylor Goggins

The following beautifully engraved announcements have been received by friends here: Mr. and Mrs. Leroy Taylor of Richmond, Ky., announce the marriage of their daughter, Effie Dale to Wm. Howard Goggins on December 26, 1919.

Beautiful Theatre and Dinner Party
Miss Anna Bell Ward was hostess to a theatre party Monday afternoon to see the Dolly Sisters, with deli-

ous lunch at the Phoenix. Her guests included Miss Dorothy Perry, Miss Adeline Ward, Mr. Neale Bennett and Miss Mary Allen Deatherage, Mr. Nelson Ward.

D. A. R. Meeting

The monthly meeting of the Boonesborough Chapter of the Daughters of the American Revolution was held on Monday afternoon, Jan. 12th at the attractive home of Mrs. Vernon Leer. The new year opened most auspiciously, the weather was ideal and the attendance large. The program for the afternoon was one of unusual interest. The first number on the program was the year. After a brief business session, the hostess served a delicious lunch. Mrs. Leer is a most delightful hostess and made the hours most pleasant for the assembled guests.

Entertain the Nullo

Mrs. M. C. Kellogg was hostess to the Nullo Tuesday afternoon. Her guests included Mrs. Hale Dean, Mrs. Shelton Saufley, Mrs. L. B. Weisenburgh, Mrs. J. J. Greenleaf, Mrs. A. R. Denny, Mrs. W. P. Millard, Miss Willie Kennedy. Miss Marie Louise Kellogg invited a few friends to play Bridge, honoring her guest Miss Nixon, of Norfolk, Va. Those who enjoyed the game were: Mrs. Murray Smith, Mrs. Paul Burnam, Mrs. Harry Hanger, Jr., Miss Emma Watts, Miss Dorothy Perry, Miss Nancy Haden and Miss Nixon. A delicious ice course was served.

HOW TO GET RID OF YOUR COLD

The quick way is to use
Dr. King's New Discovery

DON'T put off until tonight what you can do today. Step into your drugstore and buy a bottle of Dr. King's New Discovery. Start taking it at once. By the time you reach home you'll be on the way to recovery.

This standard family friend has been breaking colds, coughs, grippe attacks, and croup for more than fifty years. It's used wherever sure-fire relief is appreciated. Children and grownups alike can use it—there is no disagreeable after-effect. Your druggist has it. 60c and \$1.20 bottles. Give it a trial.

Bowels Begging for Help

Torpid liver pleading for assistance? How careless to neglect these things when Dr. King's New Life Pills so promptly, mildly, yet effectively come to their relief!

Leaving the system uncleaned, clogged bowels unmoved, results in health-destructive after-effects. Let stimulating, tone-in-action Dr. King's New Life Pills bring you the happiness of regular, normal bowel and liver functioning. Keep feeling fit, doing the work of a man or woman who finds relish in it. All druggists—25c.

JAZZ DANCES MUST GO, SAY THE BOSSES

"Keep-Your-Distance" Steps To
Supplant the "Shimmy Lock"
And Other Close-Up Figures

(By Associated Press)
New York, Jan. 14.—Old-fashioned, keep-your-distance dances, are to displace the modern jazz steps, if the nationwide reform movement undertaken by the American National Association of masters of the dancing proves successful. The dancing masters, it is announced here, count upon the support of mothers, fathers, daughters, sons, dance hall proprietors, dancing teachers and hostesses—and if necessary the police department—to exterminate the "half Nelson," "body hold," "shimmy lock" and other imported ballroom grips which, are practiced by some dancers. Cheap and vulgar music is also to come under the ban and, according to a circular just issued by the association, those in charge of community or public dances are urged to show their opposition to undesirable dances by distributing "you will please leave the hall" cards to those who persist in offending.

The women, it is charged are often as much to blame as their partners and, in some cases, dance hall proprietors are advised to pick out ten or a dozen objectionable couples and, if a warning is disregarded, to oust them at once.

"You will soon see," the circular reads, "that you have raised the standard of your establishment and that the loss will be more than made up by double the number of persons who have respect for you and your dances."

Some of the rules and regulations which are urged to obey follow:

"Dance music should be bright and cheerful, properly accented and the phrases well divided. Cheap, vulgar music of the extreme jazz type, which is devoid of vulgar meaningless dancing, is useless to expect refined dancing when the music lacks all refinement, for, after all, what is dancing but an interpretation of music?"

"The Association has adopted the following tempos, it being impossible the masters say, to regulate fast dancing:

"Waltz—48 measures to minute.

"Two-step—54 measures to minute.

"One-step—66 measures to the minute.

"Fox-trot—40 measures to minute.

"Dancers should assume a light, graceful position," say the masters. "There should be no jerky half-steps for these cause undesirable vibrations. Partners should not dance with cheeks close or touching nor should the clasp be tight. Neck holds are positively unpardonable. The gentleman's arm should encircle his partner's waist, his hand resting lightly just above the waist line. The lady's left arm should not encircle her partner's shoulders or neck."

"Steps or movements that cannot be controlled should not be taught by dancing teachers. Short side steps, first right, then left, when done continuously, are not conducive to refined dancing and should not be permitted. 'Shimmy dancing,' a shaking or jerking of the upper part of the body while taking short steps or standing still, should not be tolerated."

"The proper dancing step should be the same as a natural walking one except in exhibition dancing, which properly belongs to the stage, not the ballroom. Exceptionally long or short steps are not in good form."

"Dancing should be from the waist down, not from the waist up. Copying of the extremes used on the modern stage is in bad taste. Remember that the majority of dancers desire to dance according to the best accepted standards, that is, without the slightest trace of offense to dignity or decorum."

Saves Its Cost In a Year

In thousands of cases, Lalle Light has saved its cost in the first year. It has done so by saving time and labor and money on the farm. Isn't such a plant worth investigating?

Lalle Light is a complete unit—engine and generator—with four storage batteries. It supplies ample electricity for lights, water pump, washing machine, sweeper, cream separator, fencing mill, iron, etc.

To The Public

Just by chance Richmond is to have the opportunity of hearing the Greatest Woman Violinist of the world, and of helping the Associated Charities, at the same time.

Miss Isolde Menges, the English violinist, will give a recital at the Normal chapel on Saturday night at eight o'clock. This will be by far the greatest musical event which ever came to Richmond.

At four o'clock in the afternoon, she will give a free recital and lecture to children under 12 years of age and the teachers in the schools are asked to organize their classes and bring the children. No grown people, except the teachers who bring the children will be admitted, and no children over 12 years of age.

The admission price of the night recital will be \$1.50 and tickets will be sold at all the drug stores and by the Federated Music Clubs of Richmond.

The one fixed policy of the firm is to sell funeral necessities at a reasonable price, realizing the great need of reducing the extremely high cost of funerals. The firm proposes to furnish funerals from the cheapest to the most expensive. We believe that the cost of funerals is entirely too high, and we intend to charge the lowest price possible, considering the quality of goods.

Canada Gets Gold Fields

(By Associated Press.) Ketchikan, Alaska, Jan. 14.—A large gold deposit, near the south of Ketchikan, which has been lost to the United States by the decisions of American surveyors defining the boundary line between Alaska and Canada. It was decided to follow the lines of Canadian surveyors rather than the monuments of the Russian lines. The recent development of the gold fields near Hyder reports of which spread to the outside world, have elicited hundreds of inquiries from the United States and even Great Britain, which it is believed, may presage a "rush" to Hyder next spring rivaling the famous Klondike stampede. Experienced miners here say that a "rush" to the district would result poorly for prospectors without capital, who would be unable to get at the ore.

CAN ONLY KEEP LIQUOR LEGALLY AT HOME

Washington, January 14.—Persons having in storage warehouses, safe deposits, vaults or other such places, "legally acquired" intoxicating liquor for beverage purposes must remove it to their private dwellings on or before January 17, 1920, under a ruling issued today by the Bureau of Internal Revenue.

"Legally acquired liquor," it is explained, "is liquor bought prior to July 1, 1919."

If liquor is found in places other than private dwellings and Government bonded warehouses after February 1, and report of its possession had not been made to the Bureau of Internal Revenue, it will be subject to seizure and the place in which it was stored may be declared to be a public and common nuisance, the Commissioner ruled.

Proprietors of storage places where liquor is held, subject to the order of the owner, are required to make report on or before January 27, 1920.

Hotels holding liquor for service to their guests or for beverage purposes in contemplation of the ban being lifted, the ruling states, cannot possess it on or after January 17, but may obtain a permit to sell it for nonbeverage purposes, in which event a bond must be filed.

STANFORD COURT DAY

At Stanford, Monday Court day the stock market was brisk. T. W. Jones reports some 250 light steers and heifers, those selling bringing from 8 to 11 cents. A few sheep sold at \$10 a head, while the trade in mules was lively. In addition to the private sales mentioned elsewhere, Mr. Jones sold for himself five pairs of mules as follows: To G. A. Swinebroad, a pair for \$575; to W. L. Dunigan a pair for \$550; to Harris Bros., a pair for \$520; another to Center Bros., for \$530, and a pair to Logan Caldwell for \$525.

HEARD ABOUT TOWN

C. C. Bosworth, trustee in bankruptcy, has filed suits at Lexington, Frankfort, Louisville, Shelbyville, Newport, Covington and other Kentucky cities against the directors of the Kentucky Rural Credits Association and its 3,000 stockholders, charging that statements in the prospectus of the association were false and that G. L. Van Landingham, of Kansas City, Mo., and others were paid excessive commissions, in giving him \$201,000 for selling 8,200 shares of the stock. The prospectus, they aver, specified that the rate of 5 per cent, when in fact loan was never made at less than 6 per cent, and that not more than 1 per cent of the stockholders ever received a loan from the association.

In Lincoln county Claud P. Dinwiddie sold to Center Bros., of Garrard, a pair of good mules for \$415. Six of the seven tracts of the Thomas Meadors land were sold by E. C. Walton, Master Commissioner, to F. Lee Hill for \$3,200. A tract of 10 acres was withdrawn from the sale.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Millions of boxes are sold annually at 10c and 25c. Take one or two and note the pleasing results.

INCOME TAX RETURN DUE BEFORE MARCH 15

Rate Somewhat Lower This Year Than Last, But Is Still High Enough

With the opening of the New Year comes the first date for filing income tax returns.

Heavy penalties are imposed for those who fail to file their returns between January 1 and March 15.

Full tax may be paid in full at the time of filing the return, or if it is desired to make the payments in four installments for the first must be paid by March 15, the second by June 15, the third by September 15, and the fourth by December 15.

The period for which the income tax is assessed is the calendar year of 1919.

The ordinary taxpayer will not be obliged to pay quite as much as last year, although the rate still is far greater than pre-war rates.

Exemptions of \$1,000 for single persons and \$2,000 for married persons and heads of families remain the same as for 1918. The normal rate for 1918 is 4 per cent on the first \$4,000 of net income above the exemptions and 8 per cent on the remaining net income. Last year the normal rate was 6 and 12 per cent, respectively.

Surplus rates the same as last year. They started with 6 per cent on the amount of net income between \$5,000 and \$6,000 and increased by steps of 1 per cent for each \$2,000 or net income up to and including 48 per cent on net income in excess of \$98,000 and not more than \$100,000. The surtax on net incomes more than \$100,000 and not above \$150,000 is 52 per cent; on net incomes above \$150,000 and not more than \$200,000, 56 per cent; on net incomes above \$200,000 and not more than \$300,000 and not over \$500,000, 63 per cent; on net incomes above \$500,000 and not more than \$1,000,000, 64 per cent; on net incomes above \$1,000,000, 65 per cent.

Besides exemption of \$1,000 for single persons and \$3,000 for married there is an additional exemption of \$200 for each dependent under 18 years of age.

Every person whose income equaled or exceeded \$1,000 for single persons, or \$2,000 for those who are married, must file a return regardless of whether the income is large enough to require payment of tax.

Forms making returns will be available at offices of collectors of internal revenue and deputy collectors and of postoffices and banks.

What is known as form 1040-A is far use of those with incomes of \$5,000 or less, while form 1040 is for those with larger incomes.

Taxpayers must report under-gross income salaries including bonuses, interest received on notes and from bank deposits, dividends on stocks, profits from stock market transactions, income and fiduciaries partnership profits and royalties from mines, oil wells, patents, copyrights and franchises.

Items which are not taxable and need not be included in the return are property received by gift or inheritance proceeds of life insurance policies returns of premiums on life insurance, endowment or annuity contracts, amounts received through accident or health insurance or under workmen's compensation acts, interest on obligations of any state or any city, town, county or village, interest on liberty bonds to the par value of \$5,000 interest on securities issued under the Federal farm loan act, and amounts received during the war by persons in active military or naval forces up to \$3,500, in addition to personal exemption.

Deductions from gross income in determining net incomes include all business expenses in the conduct of a business, trade or profession. Reasonable allowance is made for depreciation of business property.

Contributions or gifts to charitable, religious or educational societies may be deducted to an amount not exceeding 15 per cent of the taxpayer's income.

A DAY FOR DAD

There was a movement a while back to establish a day for dad.

Father was going to have one day of respect and tribute alone with mother.

But dad is such an unromantic person that even the holiday maniacs could not get up much enthusiasm.

And when a holiday maniac gets discouraged it must be a dreary topic indeed for the maniac delights in nothing so much as in injecting a half dozen more holidays into an already overburdened calendar.

With the returning of the legions to school we feel that dad should get a few words of sympathy.

Teacher and mother and pupil all have their kind words, but dad gets nothing; all he does is dig.

And how the poor man has to dig this fall.

The children have to be dressed decently; they have to be equipped with books and tools and charts and maps, and the hundred and one expensive incidentals that demand.

Shoes for a family of four will take a week's pay check of the average Housewife, black, Polo, and Club laborer.

School books change faster than do with tip of tail—

the styles.

A simple little dress for the oldest girl costs more than father's suit did, a few years back.

And the knee pants suits of Eddie that gets shabby and tattered and patched so quickly, eat up dollars like waffles do butter.

And how to afford enough fresh milk and butter and meat for growing children is something else again.

And as to rents—there they're impossible.

So dad digs and digs and stands off the butcher, and keeps the doctor and dentist waiting, and gets a bit shabbier and more frayed around the edges every month, and keeps scratching; hoping that sometime somehow, he will dig out to daylight and breathe a contented breath.

Poor dad! Mother has her troubles but she also has her biographies and her chronicles, but dad, who is beneath the entire load, and who just barely stumbles through, gets nothing but bills.

Cheer up, dad; you're manufacturing citizens and a free nation.

DIRECT DEALING PAYS BEST

When cream is ready to sell, the hard work has been done and you should not permit any outsiders to make an extra profit off your efforts.

You can ship your cream DIRECT to the Tri-State and save from 3 to 5 cents per lb. of butter fat. It is just as easy to deliver the cream to a railroad station as to a buying station. The Tri-State pays the freight and guarantees your cream against loss in transit.

Mrs. Thos. Daulton, Peebles, O., writes us on Nov. 25, 1919: "I have shipped cream to the Tri-State Butter Co. for three years and have been satisfied. I have sold cream to cream stations in order to return the empty can with me, as I live 9 miles from the railroad, and always lost from \$1.50 to \$2.00 on every can of cream sold to agents."

Ford

THE UNIVERSAL CAR

Only a Limited Number of Ford Cars

There are mighty good reasons why you should buy your Ford car now. But the biggest one is that there are only so many Ford cars—just a specified limited number—allotted to this territory. Those who buy their cars now will be wise. They will have them to use whenever they wish.

Don't put it off—next spring, even next month, is an uncertainty. We cannot take orders for spring delivery. Even now, we must have signed bona-fide orders before our monthly allotment is shipped us. So the only way for you to be sure of getting a Ford car, is to order it now. Get your name on an order. It is your protection.

Again we tell you, the allotment for this territory is limited and you must buy now while deliveries are possible. As ever, the demand for Ford cars is away in advance of production. So, it's first come, first served. Spring, summer, autumn and winter are all the same to the Ford car. It is a valuable servant every day of the year. Rain or shine, it is ready for your demands. Buy now and get prompt delivery. You won't have to store it. You can use it. Buy now while the buying is possible.

Bob Baker Sells Fine Farm

Much interest has been aroused over the Blue Grass section in the announcement at Lexington that Col. Robert L. Baker had sold Kingston Farm. The purchasers are Messrs. Jas. C. Stone and John L. Buckley, both known here. They are owners of the Central and Planters' Tobacco Warehouses, pioneers in the smaller farm movement that has resulted in the division within the last two or three years of so many large farms in Central Kentucky.

Messrs. Stone and Buckley purchased this noted thoroughbred horse breeding establishment, which contains 315 acres,

with a view to dividing it into three tracts, and one of approximately 140 acres, one of approximately 90 acres and another of approximately 85 acres and selling it by auction before the end of January. It is understood they paid Col. Baker over \$250,000 for the place.

WANTED--RED-BLOODED MEN!

Happy And Successful People Everywhere Are Always In Great Demand

Best Friends—Red-Blooded

Pepto-Mangan Produces Better Blood—Sold In Liquid And Tablet Form

Get into the red-blooded class if you are not there now. Take a few weeks' course of that splendid tonic—Pepto-Mangan and note how you improve in health and looks. Pepto-Mangan is a red-blood maker and is for sale at the drug store right near your home. It is put up in both liquid and tablet form. Take which you choose, but see that the name "Gude" is on the package. Without "Gude" it is not Pepto-Mangan.

It is the cry everywhere—"Wanted—Red-Blooded Men." The soldiers and sailors that won the war were red-blooded, two-fisted fellows. In business it is the red-blooded man that stands the strain, and wins the big successes. The world has no place for the thin-blooded weakling. It is natural, too, that red-blooded men and women should have more friends, and they do. They are better human beings than the thin-blooded anemics, who are likely to be "grouchy" and irritable most of the time. Adv.

WITH THE MOVIES

Scene from "The Island of Conquest" with Norma Talmadge which comes to the Alhambra and Opera House tonight and Thursday.

Perfect Role For Star

The legion of Pauline Frederick admirers will find much in her portrayal of Letty to delight them. Her interpretation is thrust stamped with the quality of humanness that calls forth a thrilling response from the spectator. Her performance in this picture is undoubtedly one of the most brilliant she has yet contributed to the screen and will be the means of drawing to her banner thousands of new admirers.

"The Loves of Letty" was produced under the direction of Frank Lloyd, whose creations number among the most brilliant achievements of the motion picture, such as "Les Miserables," and "Geraldine Farrar's 'The World and Its Woman'."

What is the penalty of those who defy the law of love for material gain? Taking for his central character a typical girl of today in straightened circumstances Sir Arthur Wing Pinero has woven around this theme a story of undoubted power and appeal. This great picture comes to Richmond Friday.

The Third Kiss

Playing a somewhat different role, Vivian Martin, the dainty and talented Paramount-Artcraft star, is said to do some of her most charming work in "The Third Kiss," a new Paramount Artcraft picture which will be shown here Saturday.

"Missy" is a little factory girl, who works among the people whom she is trying to uplift and benefit. Although she owns the factory at which she is employed, this is kept a secret, as she wishes to atone in a measure for the wrong committed by her deceased uncle when, through his negligence, the factory was destroyed by fire, and many girl employees were burned to death.

To make her work more effective, she is co-operating with Rupert Bawlf, a young man who has given up a life of luxury to better carry on settlement work among the poor. Although Rupert is married, he falls hopelessly in love with Missy. Oliver Cloyne, a friend of Rupert, offers to marry Missy, revealing the brewing scandal in its true light to her by showing her a newspaper clipping. She agrees and the result of this loveless marriage is a big surprise.

Coal In Spitzbergen

(By Associated Press)
Christiania, Jan. 14—Coal fields are the most valuable assets of Spitzbergen for which the Supreme Council at Paris has given Norway sovereignty. It is estimated here that if these fields are developed they will provide coal enough to supply Northern Norway and the northern district of Russia. Spitzbergen coal is said to be the best grade of hard coal. Mining for ore at present is not much beyond the experimental stage in Spitzbergen. The fishing about the islands is very poor. Norwegian expeditions done much exploration work and the largest coal fields have been acquired by the Norwegian mining companies.

Horse Sense In Horse Feeding

It is shrewd common sense to feed a horse balanced feed which will develop every part of its body.

Analysis of Purina O-Molene Feed shows that it contains in proper proportion all the elements for muscle, blood, hair and hide making, as well as large percentage of Nitrogen free extract, which supplies heat and energy. There is no 15 to 18 per cent waste as in feeding the whole oats, due to swallowing whole. Purina O-Molene Feed is highly digestible.

Hearty Praise from Cleveland Six Owners

The Cleveland Six will dominate the light car field because it is so much better. It will lead because it gives so much more in smooth-flowing power, in ease of riding, in style and quality, than other light cars. Thousands of Cleveland Sixes are on the road right now, performing in every sense and in the last degree right up to expectations.

Dealers demanding much have driven Cleveland Sixes thousands of miles across country, over every kind of roads, putting the car to every conceivable test. And they say there is no other light car like it. No other that will do so much and do it so well and so economically.

Cleveland owners are enthusiastic about its ease of driving. "It handles like a feather." "You can drive it with one finger." "It just almost steers itself." These and hundreds of other

phrases of praise come from enthusiastic Cleveland owners.

"It steps out as fast as any car that was ever built." "The speedometer slips around to forty or fifty before you know it." "There's practically no vibration." "It fairly glides over long mountain climbs." Cleveland owners tell us all these things and they will tell you if you ask them.

To really know and appreciate the Cleveland, to understand all that we mean when we say it is so much better, you must ride in it and drive it.
